Application for “SAEWA Incubator Affiliate” Status

NOTE: AFFILIATE STATUS ONLY

The purpose of the SAEWA as a non-profit-organisation is to provide and grow on a South(ern) African scale a safe, reliable and equitable service delivery footprint for both commercial business clients and individual households.

In South(ern) Africa most small e-waste management businesses operate informally. Many are in need of access to information of legal requirements, good, environmentally sound work practices, business to business connections and one-on-one mentorship access as a support structure to grow eventually into a formal and legally compliant operation. To this end SAEWA (sa.ewastealliance.co.za/) has now introduced the “INCUBATION TIER” for SM(M)Es start-ups and entrepreneurs. As an SAEWA AFFILIATE (note- not a MEMBER) YOU and YOUR BUSINESS can benefit from accelerated learning and connecting opportunities with and through SAEWA and our formally accredited and fully legally compliant Tier 1 members.

Please fax or scan and/or email completed Application Form to: 086 647 1475 or envirosense@xsinet.co.za
